Philadelphia SmartCEO's Brava Awards recipients 2016.

SmartCEO Magazine's Brava Award recognizes outstanding women achievers who not only excel in their professional careers but also volunteer their time and talent to help others.

On July 12, Vivian Isaak, president and founder of Magnum Group, was honored for combining her irrepressible entrepreneurial spirit with a passion for giving back to the community. While she may be too modest to share these contributions, we take great pride in them.

The Magnum Team celebrates Vivian for her generous heart as well as her inspiring talents.
